

# The Children's Institute

Amazing Kids. Amazing Place.

**Who We Are**

We're on a **mission**

to  
**heal.**

to  
**teach.**

to  
**empower.**

to  
**amaze.**

**Our vision** for an amazing future:

We seek to be the lifelong partner to individuals with a disability and their families. We will position our services to reach more individuals with an array of exceptional services that cross the lifespan, advance the models of care, and establish our organization as an influential voice regarding the subjects of disability, education, family support services, and behavioral health.

# Every day, we change the lives of children and families.

Since 1902, The Children's Institute has improved the quality of life for amazing kids and families by providing access to expert resources and care. Today, many of our services are available both in-person and via telehealth. For more information, visit [amazingkids.org](https://amazingkids.org).

## Autism Services

Centered around evidence-based practices, our autism services connect families with programs that make a difference. Our **Applied Behavior Analysis (ABA)** services provide 1:1 and group therapy in a clinic setting that incorporates parent training and skills transfer along with collaborative speech, occupational, and physical therapies.

## Educational Services

Every student learns differently, so our **educational programs fit a variety of needs**. Students within The Day School enjoy the highest quality education from ages 5-21, along with transition and therapy services, state-of-the-art classroom technology, and a variety of facilities to meet their needs.

## Behavioral Health Services

By developing skills to manage mood, thinking, and behaviors, kids make the move toward resiliency and healing to become **happier and healthier**. With both in-person and telehealth options available for individual, family, and group therapy, along with medication management and parent education, our team builds individualized therapy plans to foster growth.

## Family Support Services

With permanency as a focus, our services **nurture, support, and maintain the family** so all amazing kids can grow in a safe, healthy, and loving environment. Most of our services require county referrals for participation. Our in-home family services, visit coaching, SWAN services, infant parent empowerment program, and care coordination services help to empower the entire family.

## Early Intervention Services

Through our affiliation with The Early Learning Institute (teli), we offer the highest quality care for the littlest of amazing kids from birth to age three. Physical, occupational, and speech therapies, along with hearing, vision, nutrition, developmental, and social work services, are **provided in the home at no cost to families**. Visit [telipa.org](https://telipa.org) to learn more.

## Physical Health Services

As a recognized leader in pediatric therapy and specialized services for feeding, pain, and aquatic therapy, our team of experienced physical, occupational, and speech language therapists combine expert care with the **power of play** to keep children engaged as they make progress toward their individual therapy goals. Contact us to see how our amazing team can help.
